LETTER OF CONFORMITY FOR RESEARCH ETHICS

The researcher's responsibility is to adhere to the research organization's code of practice on ethical standards, and any relevant academic or professional guidelines in the conduct of their study. This includes providing appropriate information concerning the objectives of the study, selected the appropriate samples with consent and expected benefits, included the procedures clearly with reasonably foreseeable risks or discomforts, and ensuring anonymity and confidentiality in the storage and use of data.

The Members of the Research Review Panel, thru the Research Adviser, should be notified for any significant change in the question, design or conduct over the course of the research. This may require a new application for ethics approval.

Research Title:

PiyaNota: A Mobile Application for Optical Music Recognition and Piano Audio Rendering of Filipino Choral Sheet Music
